

## Matabisch (Dutch Edition)

Matabisch is het vervolg op de thriller Ursus Major. Ogenscheinlijk banale gebeurtenissen resulteren in onmogelijk geachte terroristische activiteiten. Deze vinden hun oorsprong halfweg de twintigste eeuw toen Europese mogendheden, met een genereus gebaar, hun Afrikaanse kolonien de onafhankelijkheid schonken. Dit was buiten de maat van de banken en de internationale handel in koloniale grondstoffen gerekend. Al heel snel namen niets ontziende avonturiers de touwtjes in handen en verdienden fortuinen met hand en spandiensten om de grondstoffen zo profijtig mogelijk te verhandelen. Dat de lokale bevolking in zwarte armoede bleef, deerde hen niet. Ze woonden immers op het zwarte continent. Een halve eeuw na de onafhankelijkheid, strijden de lokale heren om de macht. Dat ze daarbij geholpen worden door de financiers die hun land leegplunderen stoort hen niet. Ze leven in een luxe die hun volk nooit zal kennen.
