

Confidential Bounty

The reclusive life of former homicide detective Brenda Corrino has suddenly leaped from post-traumatic stress disorder recovery to something much more interesting: Murder! Her ex-partner was investigating the bizarre murder of a college student when he inadvertently let his guard down and now he remains comatose in a hospital. Brenda recruits her ex-boyfriend, Medical Examiner Dr. Darren Crowe, to help her find out who tried to kill him. Darren realizes this is his opportunity to get back into her good graces as she tries to come to terms with being raped and nearly murdered while working undercover two years earlier. While broadening her investigation, more former students from the same school are ending up dead. When consoling a young widow left behind by the killer, Brenda unearths the deep dark secret that the students have been hiding from her and everyone else outside their circle.
