

## Journey into Joy: Selected Prose

Here is Kennelly on other writers, mainly of this century and mainly fellow poets, with a brief preface by himself...All are well annotated and indexed. - Books Ireland. Kennelly writes about the major Irish writers of the twentieth century: Yeats, Joyce, OCasey, MacNeice, Kavanagh, Austin Clarke, Frank O'Connor, Flann O'Brien, and Liam O'Flaherty. His writings on Derek Mahon, Joseph Plunkett, and George Moore are also included. This selection is as illuminating in what it discloses about Kennelly's own ideas and methods as it is about the eminent writers whose work he critiques. One of the most striking features revealed in these essays is their authors' breadth of knowledge and depth of understanding. - Academic Library Book Review.
