

Formula of Hope

Anna and Tony are partners not only in the FBI, but also in their out-of-the-ordinary marriage. When they are given a case to find a missing girl, it looks to be business as usual until they learn the true reason for her disappearance. The case rattles their hearts, uncovers their traumatic pasts, tests their marriage, rediscovers a lost faith, and leaves them teetering on the moral dilemma to do their job or whats best for the little girl.
