

Takedown: A Grace deHaviland Bounty Hunter Novel (Volume 4)

WHEN THE HUNTER BECOMES THE HUNTED Under arrest and on trial for murder, Grace deHaviland might have laughed off the irony of being out on bail, her being a bounty hunter and all. But when an old enemy comes gunning for her--literally--by blowing up her car, targeting her closest friends for death, and then, makes the biggest mistake of all--takes BCI Agent Eugene Booker hostage, Grace takes matters into her own hands. She jumps bail. Pursued by a no-nonsense bounty hunter whose skills are as good as her own and confronted by deadly danger at every turn, Grace will do whatever it takes to save her lovers life, including taking down anyone who gets in her way. The legal system be damned!
