

Gorilla Black

The seventh child of one of Richmond, Virginias, most ambitious hustlers, Seven is a talented poet and author with a true ear for the streets. In Gorilla Black, a boy with a love of Shakespeare and Langston Hughes struggles to thrive while growing up in the projects as the son of an alcoholic mother. In time, self-dubbed Gorilla Black will ascend to the top seat of a cocaine-fueled empire - and discover the truth about his beloved brothers death so many years before.
