

Harlan McFadden, a daughters murder, a fathers revenge

What excuse would she beat him over the head with this time? Harlan never knew, hell, nobody ever knew which Pearl Grace would show up on any given day. Would it be the Pearl hed married - the ex liable to plant a kiss on his cheek - or the one who might try to gouge his eyes out with table spoons? In case the ill-tempered ex showed up with a soup spoon in each hand, hed brought along the court order to prove hed been granted weekly visits and once a month week-ends with their daughter. He hoped it didnt have to go there - something about that order made her swear like a sailor. The sweet ex planted a kiss on his cheek as she held an overnight bag in one hand and Sue Ellens tiny hand in the other. Monday morning, she said, warning her ex-husband. His only child and only reason for living ran to him and throwing her arms around his neck shouted, Daddy Daddy. Walking away, his daughters hand secure in his, he dared not look back. It had been far too easy. Sugar Button? he asked. And how she glowed when her daddy called her Sugar Button - it made her feel so very special. But he didnt ask her why her mother had relented so quickly--he didnt want to confuse her any more than the divorce and his sudden disappearance from home already had, so he let go of the wondering. That man brought Mama her medicine today, and she made me go outside and play, volunteered Sugar Button. Pearl had lied...telling the court shed finally rid herself of the monkey on her back. And what was with that damn fool Judge Haney saying he didnt even know shed ever had a drug problem? Was she at it again - shooting Oxycontin, sucking on finger size reefers, and chugging Jack Daniels like she owned the whole damn distillery?. Uncle CL waited at the end of the dirt driveway in his worn-out Ford pickup. Today he and his nephew Harlan were making that long planned trip up to Grand Falls, and with

them they had a seven year old guest. He could hardly wait for Sue Ellen to give him his long overdue Uncle CL hug. That hug proved to be the last hug she ever gave anyone.
