

## When the Bottom Falls Out

Fiction. Latino/Latina Studies. LGBT Studies. The past sits uneasily on the characters of these stories, whether on their native Isabella Island or in Montreal, where some of them now live. Life is ultimately lived according to the choices that were made, and retribution does not always go where it belongs. The wealthy and proper Higginsons have lived a lie that eventually must come out. Jen and Edwin are passionately in love, but can they shake off the shadow that hangs over their lives? In his quiet and subtle way, Thomas continues to bring alive a Caribbean island, giving depth and complexity to its characters.
