

Minerva

A man is kidnapped moments after being released from jail. Nobody sees anything, but people hear Captain Morgan McHenry shout THE MASONS ARE GOING TO KILL ME! as the wagon he was thrown into gallops out of town. Now it falls to Sheriff Louis Drecker, a war hero described by many as little more than a blunt instrument of death, to discover what happened to his former Captain. With the help of Edward Williams, a lawyer who also served with McHenry, Louis finds himself embroiled in a mystery that leads through ghosts of battles past, through secrets and oaths and death and brotherhood. A mystery that leads to the feet of powerful men and the lies that keep those men in power. Louis father, a murderer who was hanged 20 years ago, told Louis the devil was always watching, now Louis is in a race to find out who that devil is before everything and everyone he cares about is gone. Inspired by the true events of The Morgan Affair, the controversy that halted the growing power of the Freemasons in America, Minerva is a story filled with action and suspense, and will keep you guessing until the end.
