S.A.S.S.Y.: Based on a true story that hasn't happened. Yet.

Martin Keating has issued a new alarm to the United States. *THE FINAL JIHAD*, his first confidential briefing and still selling since its publication in 1996, alerted the nation to the diabolical threats posed by terrorists within America. His latest novel, *S.A.S.S.Y.*, expands on a renewed and rapidly growing evil inside our borders and the vulnerability of America's pipeline infrastructure. This time, it won't be one-off hits around the country, as happened after my first book, Keating cautions. It will be a massive, coordinated, and simultaneous attack against critical targets within virtually every state. Simply put, it would be the end of our way of life. We can still stop it, but many people have resigned themselves to a bleak future for our nation. That's precisely what these diabolical operatives want. Their countdown has begun. We have to act. Keating adds, *S.A.S.S.Y.* is not Hollywood make-believe; it's an intelligence-based warning of a very specific and grave threat.

Martin Keating won the respect of readers worldwide when *THE FINAL JIHAD* laid out a scenario of possible attacks around the country many of which sadly have come true. *S.A.S.S.Y.* continues this revelation. U.S. intelligence operatives aren't calling *S.A.S.S.Y.* fiction. They did so with Keating's *THE FINAL JIHAD*, to their shock and chagrin.
