

The Last Giant: A Novel

Firefly, one of the river people, yearns to be an inker and tattoo giants, just like her mother. But one morning a rogue giant kidnaps her mother and takes her up to the plateau, a dangerous place for all river people. Firefly attempts to rescue her mother then learns her mother harbors a secret that calls into question everything Firefly ever believed about her people, her family, and herself. From stampeding giants to flooding waters and burning mountains, Firefly copes with adventure and danger as her home and everything she knows and loves collapses. She must find the courage to survive in a new world built on the destruction of the old.
