

## On Gallows Hill

This chilling paranormal thriller grabs you by the throat and doesn't let go. Set in contemporary Salem, Massachusetts and written by a Salem native, *On Gallows Hill* is the story of a psychic-medium teenager whose path crosses with an internet predator. Seventeen-year-old Katelyn King never speaks at school, and everyone has finally stopped talking to her. The other kids at Salem High call her The Mute, but what they don't realize is Katelyn has a frightening ability. She can see ghosts and is a psychic-medium. Struggling with being abandoned by her over-religious mother, Katelyn fears her father will learn her secret and desert her, too. When she is paired on a history project with two popular girls and one goes missing, she realizes that her gifts are quite useful and she cannot hide her abilities forever. And, when Katelyn is haunted by the ghosts of Salem's dark past, she knows she has no choice but to help them find peace if she ever wants any for herself. *On Gallows Hill* is an astonishing, gripping ride that will thrill the young adult reader and more.
