

## Vocal Mastery: Talks With Master Singers and Teachers, Comprising Interviews With Caruso, Farrar, Maurel, Lehmann, and Others (Classic Reprint)

Excerpt from Vocal Mastery: Talks With Master Singers and Teachers, Comprising Interviews With Caruso, Farrar, Maurel, Lehmann, and Others It has long been a cherished desire to prepare a series of Talks with famous Singers, which should have an equal aim with Talks with Master Pianists, namely, to obtain from the artists their personal ideas concerning their art and its mastery, and, when possible, some inkling as to the methods by which they themselves have arrived at the goal. There have been unexpected and untold difficulties in the way of such an undertaking. The greater the artist the more numerous the body-guard which surrounds him - or her; the more stringent the watch over the artists time and movements. If one is able to penetrate this barrier and is permitted to see the artist, one finds usually an affable gentleman, a charming woman, with simple manners and kindly intentions.
